Education

Cornell University *Ithaca, NY, U.S.*

Ph.D. Candidate in Psychology *Aug. 2023 – Present*

- Major: Psychology; Minor: Applied Statistics
- Advisor: Felix Thoemmes
- Dissertation: Causal Inference with Missing and Carelessly Generated Data

Seoul National University *Seoul, Republic of Korea*

M.A. in Education *Mar. 2020 – Feb. 2022*

- Major: Educational Measurement and Evaluation
- Advisor: Sun-Geun Baek
- GPA: 4.3/4.3
- Dean's List every semester (four times)
- Master's Thesis: The Effect of Self-Directedness on College Adjustment through Academic Resilience

Ewha Womans University *Seoul, Republic of Korea*

B.A. in Education and Psychology *Mar. 2016 – Feb. 2020*

- Majors: Education and Psychology
- Undergraduate Research Advisor: Kyoung-Hye Seo
- GPA: 4.13/4.3; *summa cum laude*
- Dean's List every semester (eight times)

Research Interests

Causal Inference

causal mediation analysis; causal graphical models; missing data; careless responding; quasi-experimental designs

Structural Equation Modeling

latent class analysis; factor analysis

Under Review

Kim, J., & Thoemmes, F. J. A Causal Approach to Careless Responding
▶ Reframe careless responding as a causal problem rather than treating it solely as a form of measurement error.

Kim, J., & Kim, Y. Statistical Evidence of Sex Discrimination Using Instrumental Inequality
▶ Define the notion of discrimination using DAGs.
▶ Examine whether there is statistical evidence of discrimination using an instrumental-variable approach in a discrimination case.

Soleimani, A. D., **Kim, J.**, & Sternberg, R. J. An Augmented Triangular Theory of the Expression of Love
▶ Using LPA, distinguish different latent profiles of love expression.

Kim, J., & Thoemmes, F. J. Causal Assumptions for Two-Wave Longitudinal Mediation Analysis
▶ Clarify the causal assumptions underlying two-wave longitudinal mediation using causal graphical models.

In Progress

Kim, J. Partial Identification with Careless Responding
▶ Propose a causal partial-identification approach to careless responding, deriving bounds for target estimands under alternative assumptions about how careless responses are generated.

Kim, J., & Thoemmes, F. J. To Remove or Not to Remove? The Consequences of Careless Responding in Psychological Data
▶ Provide simulation-based guidance on when careless responses should be eliminated under different causal structures of careless responding.

Kim, J., & Thoemmes, F. J. Graphical Criteria of Recoverability under Not Missing at Random
▶ Distinguish subtypes of missing-not-at-random mechanisms according to the occurrence of bias using a causal graphical model.

Kim, J., & Thoemmes, F. J. Causal Graphical Representation of Difference-in-Discontinuity
▶ Develop a graphical representation of the difference-in-discontinuities design to clarify the causal assumptions required for valid application.

Kim, J., & Thoemmes, F. J. On the Importance of Taking Causal Assumptions in Developmental Psychopathology Seriously
▶ **Invited contribution** to a special issue of *Development and Psychopathology*. Draft submitted.

Thoemmes, F. J., & **Kim, J.** Review of *Causal Mediation Analysis* by Geoffrey T. Wodtke and Xiang Zhou
▶ **Invited book review** for *The American Statistician*. In preparation.

Teaching Experience

Human Bonding *Cornell University*

Teaching Assistant *Spring 2026*

- Supported instruction for more than 800 students in a large-enrollment undergraduate course on interpersonal relationships and human behavior.
- Responded to student questions, facilitated discussions, and provided guidance on course readings and assignments.

Statistics and Research Design *Cornell University*

Teaching Assistant *Fall 2025*

- Supported students in implementing and interpreting analyses in R, connecting statistical output to the underlying research question.
- Assisted students in understanding basic statistics, including NHST and the Bayesian approach.

Statistics and Research Design *Cornell University*

Guest Lecturer *Fall 2025*

- Introduced how to use directed acyclic graphs and explained confounders, mediators, and colliders and their roles.

Quantitative Methods II *Cornell University*

Guest Lecturer *Spring 2025*

- Introduced the counterfactual framework for causal mediation analysis, including the definitions and interpretation of natural direct, natural indirect, and controlled direct effects.

Causal Mediation Analysis *GESIS Workshop Series*

Teaching Assistant *Fall 2024*

- Supported participants in implementing causal mediation analyses in R and connecting the code to the underlying estimands and assumptions.
- Provided targeted methodological references in response to participants' questions, enabling further study beyond the workshop.
- Participant feedback described my support as "very active and helpful" and "very attentive," specifically noting the provision of relevant references in real time.

Multiple Regression Course (Center for Teaching and Learning) *Seoul National University*

Teaching Assistant *Spring 2021*

- Guided students in implementing and interpreting multiple regression models in R.

Moral Education *Sahmyook Middle School*

Practicing Teacher *Spring 2019*

- Designed flipped-learning activities that used class time for discussion and application of moral and ethical reasoning.
- Provided individualized guidance to middle-school students during discussion-based activities.

Mathematics *Samsung Dream Class*

Afterschool Teacher *Spring 2017 – Fall 2018*

- Taught mathematics to underprivileged middle school students.
- Delivered a special lecture on college life and career pathways.

Korean for North Korean Defectors *Yeomyung School*

Afterschool Teacher *Spring 2018*

- Prepared students for the Korean fluency test.
- Advised a delinquent student as a homeroom teacher.
- Organized a career lecture featuring professionals from various fields.

Professional Experience

The Korea Chamber of Commerce and Industry *Seoul, South Korea*

Senior Researcher *Aug. 2022 – Mar. 2023*

- Developed National Competency Standard test items for vocational high school students.
- Applied the Rasch model to analyze test results.
- Equated tests using the bookmark method.
- Wrote policy reports on vocational education and student competency evaluation.
- Collaborated with the Ministry of Education on test development.
- Revised tests to reflect changes in the national curriculum.

Korea Institute for Research in the Behavioral Sciences *Seoul, South Korea*

Researcher *Jan. 2022 – Jul. 2022*

- Developed test items to assess competency and morality.
- Revised and updated norms for psychological assessments.
- Provided individualized feedback to test takers.
- Analyzed personality profiles using the CPI test scale.
- Assessed predictive validity and reported results to client firms.

Brain Korea 21, Department of Education, Seoul National University *Seoul, South Korea*

Researcher *Sep. 2021 – Jan. 2022*

- Assessed academic resilience among undergraduate students using psychometric scales.
- Supported development and validation of new measurement tools.
- Participated in educational methodology workshops.

Awards, Fellowships, & Grants

2026	**The Society of Multivariate Experimental Psychology (SMEP)**, Travel grant	*$2,000*
2026	**Woowa Small Business Owners' Children Scholarship**, Woowa Brothers	*$10,000*
2026	**Psychometric Society Travel Award (IMPS)**, ACS Ventures sponsorship	*$1,000*
2024	**Appenzeller Memorial Fellowship**, Ewha Foundation	*$3,000*
2023	**Sage Fellowship**, Cornell University	*$64,186*
2021	**Scholarship**, Korea Association of University Women	*$1,000*
2020	**Excellence RA Award**, Seoul National University Gwanak Residence Hall	

Mentoring

Front-Door Project *Cornell University*

Research Mentor *Jan. 2026 – Aug. 2026*

- Mentored an undergraduate researcher in the Department of Computer Science in extending the front-door criterion to more general causal structures through targeted readings and guidance on graphical identification.
- Co-developed generalizable R code for identifying front-door structures and submitted the implementation as a pull request to the developers of the `dagitty` package.

Harvard Bio Summer Student Research Program *Harvard University*

Research Mentor *Jun. 2024 – Aug. 2024*

- Helped a student translate an interest in medicine and antidepressant use into a researchable causal question using an instrumental-variable framework.
- Guided the student in identifying candidate variables and evaluating possible violations of the required identification assumptions.

Gwanak Residence Hall *Seoul National University*

Resident Advisor *Jun. 2020 – Dec. 2021*

- Advised undergraduate students on adjusting to university life.
- Planned and organized residence hall festivals.
- Provided assistance to students during COVID-19 isolation.
- Supported international students facing psychological challenges.

Dream School for Children of Traffic Accident Victims *Hyundai Motor*

Dream Mentor *Spring 2016 – Fall 2016*

- Designed individualized career development programs.
- Mentored a child whose parent was a traffic accident victim, providing support in overcoming academic challenges.
- Facilitated opportunities for students to meet inspiring role models.
